ICPSR PROCESSING NOTES FOR #36975

UC Berkeley Social Networks Study (UCNets), San Francisco Bay Area, 2015-2018
DS 1: Alters Wave 1 Data

1. **Variable Link:** The variable **PRIM_KEY** is the linking variable across the datasets.

2. **Additional Information:** For additional information on the New Family Structures Study, please visit the UCNets website.

ICPSR 36975

UC Berkeley Social Networks Study (UCNets), San Francisco Bay Area, 2015-2018

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, arithmetic mean, median, mode, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

Alters Wave 1 Data

PRIM_KEY: PRIMARY KEY - Respondent (Ego) unique identifier

Value	Label	Unweighted Frequency	%
